- Application: July 11, 2022
- Admission and commitment: July 12, 2022
- Cohort start date: July 13, 2022
- Earn full credit for 30 hours of Field-Based Experience (FBE): November 2022
- Prepare, earn a passing score on an EiT benchmark and:
 - Content examination: October 2022
AND
 - STR examination: December 2022
AND
 - PPR examination: July 2023
- Earn full credit EiT Coursework (minimum of 270 hours): July 2023

Deadlines for meeting internship requirements: Spring 2023

- January 4, 2023
- Intern / Probationary certificate effective:
 - January 2023 - January 2024
OR
 - 1 year from hire date (e.g., March 2023 – March 2024)

Deadlines for meeting clinical teaching requirements: Spring 2023

- January 4, 2023
 - Full days: 14 weeks start date: January 9, 2023 - May 8, 2023
OR
 - Half days: 28 weeks start date: January 9, 2023 - December 12, 2023

If an applicant meets the requirements for admission but enrolls in the program after any of the deadlines, delineated in the calendar of program activities (listed above), the applicant may begin attending coursework listed the current schedule. S/he may also begin to complete 30 hours of field-based experiences and attend test preparation sessions for content examination. If the candidate did not complete or meet deadlines for any of the calendar of program activities, including field-based experiences or coursework, s/he must attend and earn full credit for any of these activities/requirements during the next track. The candidate is still required to meet certain state and program requirements necessary to qualify for a clinical teaching or internship experience. If the candidate qualifies for clinical teaching or internship but still needs to complete coursework, s/he must attend and earn credit for remaining courses.
