- Application: December 13, 2021
- Admission and commitment: December 14, 2021
- Cohort start date: December 15, 2021
- Earn full credit for 30 hours of Field-Based Experience (FBE): May 2022
- Prepare, earn a passing score on an EiT benchmark and:
 - Content examination: April 2022
AND
 - STR examination: July 2022
AND
 - PPR examination: December 2022
- Earn full credit EiT Coursework (minimum of 270 hours): December 2022

Deadlines for meeting internship requirements: Fall 2022

- August 15, 2022
- Intern / Probationary certificate effective:
 - August 2022 - August 2023
OR
 - 1 year from hire date (e.g., October 2022 – October 2023)

Deadlines for meeting clinical teaching requirements: Fall 2022

- August 15, 2022
 - Full days: 14 weeks start date: August 29, 2022 – December 16, 2022
OR
 - Half days: 28 weeks start date: August 29, 2022 - May 2023

If an applicant meets the requirements for admission but enrolls in the program after any of the deadlines, delineated in the calendar of program activities (listed above), the applicant may begin attending coursework listed the current schedule. S/he may also begin to complete 30 hours of field-based experiences and attend test preparation sessions for content examination. If the candidate did not complete or meet deadlines for any of the calendar of program activities, including field-based experiences or coursework, s/he must attend and earn full credit for any of these activities/requirements during the next track. The candidate is still required to meet certain state and program requirements necessary to qualify for a clinical teaching or internship experience. If the candidate qualifies for clinical teaching or internship but still needs to complete coursework, s/he must attend and earn credit for remaining courses.
